

Is your compressors Air filter & Separator being changed frequently?

Having to change your Compressor oil frequently?

Want to reduce your energy consumption?

Worried about breakdowns onsite?

Is your Compressor Warranty Over?

Don't Worry – We Are Here!!

Klüber Lubrication - Your Compressor Partner

**We assure you reliable and profitable operation even
in the toughest conditions for the longest duration**

Why Should that Interest You?

- Low oil consumption of the compressor
- Cost savings through extended oil change intervals.
- Reduced oil vapour content in the compressed air
- Longer activated carbon filter life
- Less residues and gluing ensures problem-free operation of pneumatic valves

Klüber Compressor Oils – new dimension of operational reliability and longevity

High-performance compressor oils made by Klüber Lubrication ensure higher reliability and longer lifetime of compressors while extending oil change intervals and providing increased efficiency.

Product Features:

- High degree of wear protection
- Low viscosity-temperature dependence
- Reduced residue formation
- Minimum carbonisation tendency
- Good water separation ability

Klüber Summit compressor oils are close-fractionated, which means they evaporate up to 20 times less than conventional compressor oils.

Klüber Compressor Oils – They make money for you

Scenario	OEM Oil	Klüber Summit- SH 46
Oil Change Interval [H]	4,000	8,000
oil Cost per change*[Rs] * For 20 L	10,500	13,500
oil change cost per year[Rs]	2 o.c = 21,000	1 o.c = 13,500
oil filter costs[Rs]	4 x 2000 = 8,000	1 x 2,000 = 2,000
Oil Separator Cost[Rs]	2 x 13,000 = 26,000	1x13,000 = 13,000
Maintenance Hours[Hr]	2 x 3 = 6	1 x 3 = 3
Maintenance costs per service[Rs]	2 x 2,500 = 5,000	1 x 2,500 = 2500
Total Costs[RS]	60,000	31,000
Savings [Rs]/ Year for 20 L	-29,000	29,000

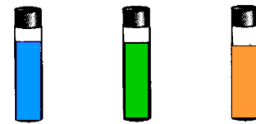

Klüber Summit® T.A.N.-Kit – Checking the Oil condition was never so simpler

- Easy and quick test method to check the ageing condition of compressor oils on the spot
- Can be used for all conventional mineral and synthetic compressor oils
- Suitable for determining the compressor oil change intervals

How to check:

Put 1 ml of the used oil into the tube provided and get to know your compressor oil condition based on the 3 colours

Klüber Summit Varnasolv - Compressor cleaning made easy

Klüber Summit Varnasolv is a highly effective concentrated conditioner. Klüber Summit Varnasolv, helps clean compressor that are contaminated with old oil residues without any need for dismantling the compressor.

Klüber Summit Varnasolv offers the following benefits:

- Effective and time-saving cleaning during operation
- Reduced maintenance and downtime costs for unnecessary cleaning work
- Reduced operating temperature of the compressor, resulting in reduced energy costs
- Optimized oil life after cleaning

This method is much more effective than flushing the compressor with a normal compressor oil.

Conclusion: After only a short cleaning time with Klüber Summit Varnasolv, your compressor is clean again and runs reliably with the Klüber Summit oil.

Klüber's Comprehensive Range of Compressor Oils

- Klüber Summit- SH 68
- Klüber Summit- Ultima
- Klüber Summit Varnasolv
- Klüber Summit- PS 200
- Klüber Summit- DSL 68
- Klüber Summit Supra Coolant

Klüber Lubrication – your global specialist

Klüber Lubrication which is a part of **Freudenberg Chemical Specialities KG**, a Business Unit of the Freudenberg Group, Weinheim is one of the **world's leading manufacturers of speciality lubricants**, offering high-end tribological solutions to virtually all industry and markets worldwide.

Most products are developed and made to specific customer requirements. During its more than 80 years of existence, Klüber Lubrication has provided **high-quality lubricants, through consultation and extensive services, which has earned it an excellent reputation in the global market.**

The company holds all common industrial certifications and operates a test bay hardly rivalled in the lubricants industry.
